About our Learn to Skate programs:

PreCan Skate - For children ages 3-5 as of Dec 31, 2021

This is a learn to skate program for new skaters featuring a low coach to skater ratio (1:10) as well as Program Assistants to help.

CanSkate - For skaters who completed the PreCan program OR who are ages 6+

This program incorporates fun with the basics of skating focusing on agility, control and balance. In a small group format, skaters work through 6 stages of badges with PA support & instruction from our club coaches.

Advanced Canskate: \$80

This program is designed for skaters who have almost finished their CanSkate journey and would like extra ice to complete their badges and begin to prepare to move into our Bronze StarSkate program.

This program is by invite only.

Little Stars: \$80

This program is designed for skaters to have some extra ice time to enhance the skills and techniques they have learned during the CanSkate program.

This program is by invite only. For questions about this program, please contact coach Susan Scott: susanbrad@hotmail.com
